

Outdoor Scavenger Hunt

Work together as a team or turn it into a friendly competition with the family! Print out a copy of the list and feel free to modify any items, especially if your access to nature is limited. You can make it a neighborhood hunt or a backyard hunt! Little kids can simply point out what they find and mark it off the list, however you might provide camera access to older kids to take photo evidence of items. Now, get outside and have fun!

- Flower or flower bud
- Worm
- Round rock
- Bird
- Stick
- Old leaf
- New leaf
- Bug
